## PROFILE

Constructing Architect with strong proficiency in Revit and BIM, backed by experience across projects of varying scales and stages. Skilled in solving technical details and delivering high-quality drawings, with a keen focus on sustainability and expertise in LCA.

I am ambitious, diligent and passionate about my work. I thrive in dynamic environments and enjoy working with others to achieve better results and learn.

I am seeking a role where I can add value, grow professionally, and become an asset to the team.
